a grand day for a fucking

Ava Dalush and Iwia The school day is over for our two intrepid ladies. Their lessons seem to be spilling over to the office as two adjunct professors now become involved. Lucky for the men that the ladies are willing to forsake their husbands, their clothes, and their grades for a grand fuck.

Bird's eye view

It was a very long drive from Memphis to South Padre Island where my brother and I have a high rise condo on the beach. We use it when we can but have only been there together once. I try to get away a couple times a year to alleviate the stress of the job. Tired, I pulled into the underground garage and went upstairs and just crashed at the pad. I spent the first two days thinking about the last four years and the next forty. I dumped my bag in the living room and spent a few days on the balcony looking at the sunrise, the high noon sun, and then the sunset. It was the third day that I refocused to appreciate the fabulous view up and down the long fabulous beach. Sunrise over the ocean, Cool breezes in the morning, Half-naked people on the beach all day and little scattered bonfires at night, with smooching couples, I'm sure.

I pulled out the Universal 300x magnification telescope from the closet and set it up on the balcony. Being on the eighth floor, I was high enough not to be seen easily, yet low enough to be close to the beach and get better views of the ocean. I set it up on the tripod and positioned it with the front lens just over the railing. I scanned the beach to the left where Captain Bill's Seaside Bistro hung over a wide expanse of beach. Far to the right was a sign that cautioned about the dangers of undertows.

There were also a large conglomeration of man-made rocks that help breakup the monotony of the beach and added some sculptural diversions to the miles and miles of sand. It was also designated as a topless location after three years of petitions to the local government.

The boulders provided a small cove that topless bathers could hang without prying eyes walking by constantly. I pulled up a chair, settled behind the eyepiece and peered through the scope at bikini-clad babes strolling along the ocean shore. The scope was so powerful that I could see every detail on their faces and every stitch of their bikinis.

I picked up my bag off the floor and took it to the bedroom to unpack. However, looking at beach bunnies seemed more interesting to me than unpacking, so I slammed the suitcase lid back down and headed back to the telescope. I focused on a couple babes walking on the beach wearing bikinis that tied in the back and at the hips. Through the scope I could see that a knot was coming undone on one of the bikini tops

and that it may just be a matter of time before it fails and her boobs break loose.

I went back in to the fridge and grabbed myself a cold beer and thought I'd settle in for an afternoon of girl watching and perhaps see a few naked boobs on the rocks. I slammed down a couple beers and squinted through the eyepiece at the babes on the beach. Lots of older couples were dining al fresco at the Captain Bill's. Families tugging coolers and kids filled most of the beach, with jocks and babes running around and posing for each other.

Bored, it's now late afternoon and I decided to take a walk on the

beach. I had not left the condo since arriving and was finally feeling a bit more adventurous. I walked around for an hour or so but did not find the beach, nor the ocean, that exciting. I ended my walk and went back to the solace of the condo. Once again I headed over to the telescope and settled in. This was much more exciting than being on the beach, I thought. No noise, no sand, no flies, no dodging dog poop. Yep, much better.

It's about five pm, a few hours before sunset, so I start my usual scan of the beach, starting from the Bistro over to the rocks. Yes, there were a few exposed boobs now and then, but mostly the topless girls laid on their stomachs. Once in a while, I'd spot a couple making out and watch them for a bit, but by the time it got hot and heavy they went off to a more secluded spot out of my sight.

I started again, from the left and saw a great looking couple walking along the seashore. She wore a red bikini top, filled with nice full breasts, cut off jeans shorts and oversized sunglasses. He was in board shorts carrying their towels and a couple bottles of water. Passing my center point, I followed them some more to see her fine butt walking away. Too bad it was covered in shorts, I thought. Losing interest. I started another scan from the left again and did that a couple more times enjoying the countless parade of babes at the beach. After six or seven scans, I refocused on the rocks and did a close up pan to find that couple again. I found them on a large flat rock that was away from

the ocean; towels spread out and rubbing suntan oil on each other. Her top was off and she had just the most perfect breasts I had seen in ages. The low sun lit their bodies like a Hollywood movie and through this super powerful lens, I could make out every hair on his chest and every bump on her

areolas. After a couple minutes of just laying there she slid her hand under his shorts and grabbed his cock. As she rubbed it, I could see the lump grow under his shorts. She worked it for a few minutes and then pulled his shorts off.

I readjusted so they filled the frame better. Are they going to “do it” there? Well, sorry to disappoint you, and me, they didn't, but settled in to relax and take in the last rays of the sun. Bummed out, I went to the kitchen and went to the pantry to get a can of soup I could heat in the microwave. The pantry was well stocked with warehouse size boxes of canned goods. I moved a couple pasta boxes to get to the soup. As I did,

I noticed a poorly taped box. I moved the other boxes and read ‘Night Vision Binoculars.’ Wow! Go bro! I thought, but why would he have these? I pulled out the box and untaped it. Pulling them out, I noticed they were just as powerful as the scope on the balcony. I decided to take them out there and

replace the scope on the tripod. After a few minutes of fumbling with the controls and doing a quick read of the instruction manual, I got them up and running and started my newly exciting scan of the nighttime beach.

Everything was a dayglow green and black, just like you see on TV. While not as sharp as the day bins, I was amazed at the clarity and detail they had. Again I worked my way from the Bistro to the rocks and noticed a few people walking along the seashore. And their dogs. So this is when the dogs come out, I told myself. I made it to the far right and found the rocks, refocusing when I got there. And lo-and-behold, the couple

from earlier was there, wrapped in their towels and making out. I pulled the zoom and focus until I could see them clearly.

She was sitting on top of him with her towel draped over her shoulders. He had his arms up caressing her breasts. I could not tell if they were fucking or just playing around. Then he grabs her shoulders and pushes her onto her back. He climbs on top of her, his muscular chest pressed against her boobs, and their legs were wrapped around each other. My breath was quickening just watching them! His face dove downward and buried itself in her breasts, shaking back and forth, licking, sucking; her arms flew around his back, then they rolled over and she was on top, swinging her boobs from side to side across his face. She swung her legs forward, and they embraced tightly as his lips and tongue hungrily devoured her chest and shoulders.

Even in the green light of night vision, this was making me quite horny! They were rolling all over now, kissing and rubbing and licking, and then he sat up and she laid

across his legs. He had one hand on her hot pussy, rubbing and fondling and tickling, and the other hand feeling all over her breasts. She had an eager hand around his hard cock, and their lips were pressed tightly together as they kissed with an incredible sexual energy.

I could see her hips began to buck as his fingers spread her pussy lips and squeezed into her channel. They wiggled and bent and twisted as they slid in and out, and her whole body writhed and undulated as those fingers drove her crazy. Then he pulled out his fingers, bent over between her legs, tickled and licked her pussy lips with his tongue, and then plunged it in her.

I watched his mouth press against her pussy, his tongue no doubt snaking in and out and all around, and her body bucking and writhing wildly. Then he sat up and pulled her into a doggy position. He climbed behind her, spread her legs wider, pulled her bikini bottom aside and with one hand guided his big cock into her. I could see it sliding in and out, faster and faster, pushing her whole body up and down.

I started to see her ass crack and she was sort of spreading her ass cheeks in what looked like an anal invitation. He reached down and grabbed some lotion that at first I thought was sunscreen, but more than likely, anal lube, I hoped! He let some fall around her asshole and he rubbed it around and into it while still fucking her. I watched as he shoved a finger in and she bucked at its intrusion. He stopped fucking, pulled out and positioned himself for anal entry.

My cock stiffened and I zoomed in as far as the binos would go. Now all I saw was from his butt to her boobs. He put the cock head into her butthole and she shivered but did not do anything else. Then slowly he pushed it in further and they started rocking back and forth as he delivered long deep strokes into her anus. The eyepieces were fogging up from my heat and I had to break away and wipe them down. When I went back to the scene, she was riding him in a cow-girl and I could see both her pussy and asshole.

She was now bouncing on his cock and started to quicken the pace, trying to make him cum. Then reached down and pulled his cock out of her ass and let it spurt all over her stomach. She took one of their towels and wiped it off. They then settled back down in each other's arms and I ran off to the bathroom to end my long encounter with a few strokes and a flush down the toilet.

afternoon delivery

*we'd never done this before,
but when opportunity knocks...*

We knew this would be a 'special' delivery and Skip didn't want his Gary screwing things up. He rang the door bell. He waited and rang again, still no answer. Suddenly the door opened and there she was. "Oh, I didn't expect this package so soon. Let me get my purse. Won't you come in? Bring the package out to the pool. I will meet you there."

Carefully Skip made his way through the house to the patio. She was sun bathing in her private backyard. A picnic table and a few benches were to the left, and on the right, a chair was set just right for the angle of the sun, the lotions within reach, and the radio was playing softly. He stood there feeling a little awkward until she appeared with her wallet. Her tits giggled as she wrote out the check. She leaned forward as she sat at the table and Skip could see clearly down between her tits. He pondered the softness his dick would feel if he could stick it down there. "Here you are", she startled him as she suddenly looked up.

"Before you go, would you do me a favor? Would you spread some lotion on my back? I can never reach there. I'm not keeping you from your deliveries, am I?"

"N-n-no", he stammered as she boldly took off her blouse. Two of the most perfect tits he had ever seen were now unabashedly well within reach. He trembled as he poured the lotion onto his hands. She sat on the edge of the table, her feet on the bench, and leaned forward and he started to spread the lotion. He allowed his hands to slide around to her luscious tits. She certainly put up no resistance so he went right for the nipples. They firmed up rock solid when he touched them.

She chirped and her chest lurched forward as he did so. As he was massaging her upper arm, he realized she was massaging his crotch with her hand. He went directly for the panty line, slipped under and found her pussy to be shaved smooth. He massaged her pussy lips with lotion, occasionally slipping his fingers into her tight hole. She was so turned on at this point, he could easily press two fingers in with only mild resistance. With two fingers deep inside, he went for her clit with his thumb. She had worked his buttons open and was massaging his cock through his underwear.

He slipped out of his sneakers and dropped his pants with complete

abandonment. His 8" cock danced up and down, side to side and tantalized her until he resumed the lotion massage. As he did, she turned her head to face his crotch and he parked his blood-gorged cock between her lips. She flexed her tongue to meet him and slathered it in saliva. Her lips closed around the firm cleft in back of the head and she deliberately tightened her lips there. They both could feel the growing hardness of his cock. Suddenly she stopped sucking and squirmed to the end of the table and dropped her

head back over the edge. He easily pictured what she wanted and walked around to meet her. There she was, at the perfect height, lips to crotch and once again he parked his cock in her. This time she was at a good angle that he could easily slip his cock down her throat deep enough that his balls went right up to her nose.

Her throat was silky smooth and extremely hot. She closed her lips to get a strong hold on it. She held the position as he fucked all the way in, then all the way back out again. He arched his back and fucked in a rhythmic motion. All the way in, and then all the way out, very slowly, getting it totally soaked in saliva. So much so that he almost came. He pulled out and squeezed the tip of his cock to stop the process. Almost too late, but it stopped. They both spent a few seconds to catch their breath.

He certainly did not want to cum now, not before he had the chance to fuck her tits. Soon he was chewing her nipples and massaging her breasts. Slowly he moved around to mount her. Soon he was straddling her stomach with his cock resting between her tits. He held them pushed around it and started a slow forward and back motion. Their smoothness against his dick was incredible. He pushed forward, his balls touched her tits and she licked the tip.

Pulling back, the head rode down in the valley and the cleft just in back of the head rubbed her mounds. Faster then slower, he controlled the motions. Then he moved around to fuck them from the other angle. He was straddling her face and fucked down her tits. Then she did something he never imagined. She was licking his asshole. Electricity shot through him and he almost came again. He leaned forward and started licking her pussy and soon they were 69-ing for a mutual suck.

Skip then walked around to her spread and inviting legs. He moved the two benches so she would have them to rest her feet on, besides, this way her pussy was at just the right angle for a good fuck. He started licking her smooth and hot thighs, then slowly moved up to the crack of her ass and up to her clit. It was now swollen and very hard. Now he was ready for her. He stood up and she was at the perfect height for him. He stood there for a few seconds slowly plowing around her lips with his cock head. Up, down, around in circles, he let the head

soak up the cream flow. It almost slipped in and he felt the tightness of it. He let it slide up ward to feel the lips on the underside of his cock. His balls tickled her ass as they bumped. He loved the hardness of her pussy muscles as the underside length of his cock rode over them. He held his cock and focused it into her hole.

The tightness prevented him from slipping in easy. A little more pressure and the tip slipped in. More cream oozed out around his cock. With a deliberate slowness he penetrated her, savoring the intense heat. His cock felt as if it was being sucked in. Soon he was fully planted in her. His balls rested on her ass and her pussy gripped at the base of his cock. Slowly he sawed his cock back and forth. She grabbed his ass as he fucked her, her nails leaving scratch marks on his ass cheeks.

In the meantime, Gary had been waiting in the truck and wondered why it took his Skip so long to deliver a package. He hears some grunts and goes to the fence, finding a small hole in it. He now realized that Skip was delivering quite a different package than originally planned. From his vantage point behind the fence, he had quite a view. Skip was banging her now, the intensity of the fuck was greater than any he could recall. It was combination wild abandonment of being totally naked, out in the wide open space of the pool, and an unbelievably good looking woman. Faster and faster his well lubricated cock zipped in and out. Occasionally it slipped out and once again he was slide fucking her crack. She reached

down and guided it back in without breaking his pistoning action.

She reached down and jerked him quickly as he pulled out. Then he fucked back in, to the hilt again. He arched and pushed in farther than

ing. Skip explained to her who Gary was and again collapsed into her luscious tits. Gary walked over to them and started feeling her tits. She recovered her breathing, and rolled her head to start sucking Gary's cock. Skip brought his hand around

She tried to suck both of them at the same time but ended up doing one then the other.

Soon they were soaked with saliva enough for the double fuck. She climbed on top of them and straddled the two fine strapping young guys. Lowering herself, they worked their cocks into her pussy and asshole. Soon they were fully embedded in her and she did all the motion now. In full control, she worked her own orgasm. She purred as she scalded them with a blast of cream. She worked a circular motion to feel their cocks in areas of her pussy and ass that didn't normally get stimulated. Faster and faster she bounced on the dual cocks.

The three gasped faster and faster as they worked to their communal cum. Soon the three were squealing as she controlled the action. Gary shot first, deep in her pussy and Skip soon followed and shot a full load up her ass. Totally exhausted, they just stayed in their positions and rode out the waves of heated orgasm. They must have stayed there for about 5 minutes until they started to feel the coolness of the afternoon breeze chill them. She then lifted herself and the two cocks flopped out of the holes. An abundance of cum flowed out.

"Well, boys, do you think that is a sufficient tip for the delivery?" she quipped. Taking a deep breath, Gary said that he wasn't sure he could take this type of tipping for every delivery. But they all agreed, there has to be another delivery sooner or later and they would certainly be looking forward to it.

he had ever pushed before. She held his balls and pressed in on his vein in back of them. He shot his first load deep in her and quickly pulled out to spray her tits. He landed a few shots in her face, and a few more on the table. Then she took his cock and swirled it around her pussy and over her clit as she went into the throes of her orgasm. She held his cock and once again pointed it into her pussy. The sensitivity of the cock head was so intense he squealed but continued to fuck. Her pussy was now well lubricated by the first shoot of his load.

Gary entered and watched the action in the yard. He was as hot as they were. He lumbered forward with throbbing cock in hand. Pant-

and started feeling her ass. Gary did the same but found her pussy. Soon they had fingers up inside her.

"Hmmm," she mumbled, "Maybe now I can be fucked by two cocks at once." She was lying on the table with legs well spread as Gary approached her. Both of their cocks were hard as rock. "Ooooh..." she moaned as she felt their fingers penetrate her. Slowly at first then a little faster. As Skip felt her asshole loosen, he stuck in two fingers, then three. She could not resist the temptation to lean forward and suck his cock. She held their cocks in full contact with her mouth. Then she held both cocks together slowly stroking them. The heads swelled up as she linked the pre-cum from the holes.

I really don't care. Do you?
Look at me. A year ago I was

did you bring both toys?

Julie Night Sex with my husband was never that good. We did all the usual stuff. Once in a while he would get adventurous and stick his finger in my ass, but that was as far as he ever went with it. Little did he know how good that felt, and that I wanted more of it.

Luscía and Lolly Pop The ladies had planned to go to the beach that afternoon, but they were stuck indoors because of the rain. The girls started to strip down and kiss each other. Within moments, they're pretty much naked exposing with those nice, shaved pussies.

i love sucking big cocks

Stephanie Tripp I broke in this sofa very the day I moved in. I had just split with my ex and got it on with my new man as soon as the movers left. I poured champagne down my naked body and right into his mouth as he was licking my pussy.
